1 MitID Test Tool – Guide til tjenesteudbydere

Fiktive brugere: Ellie999, Sabastian555, Stig777

Password: Test1234

Guide:

1. Log på MitID Test Tool (<https://pp.mitid.dk/test-tool/frontend/#/create-identity>)
2. Søg efter fiktiv bruger øverst i højre hjørne

The screenshot shows the MitID Test Tool interface. At the top, there is a blue navigation bar with the logo 'MitID Test Tool' and menu items: 'New Identity', 'Flows', 'Handouts', and 'Notifications'. On the right side of the bar, it displays 'Identity: Stig777' with a dropdown arrow, a yellow box containing 'CPR | Identity Claim | UUID', a magnifying glass icon, and a 'Logout' button. Below the navigation bar, the main heading is 'Create New Test Identity'. There are two buttons: a blue 'AUTOFILL' button and a grey 'CREATE IDENTITY' button. Below these buttons is a form field labeled 'Identity Claim' with a placeholder text 'Enter Identity Claim'.

3. Herefter vil du blive mødt af brugerens identity details. Markeret med gul ses brugerens **Current TOTP**, som er den midlertidige bekræftelseskode, som skal anvendes til NemLog-In Testmiljø Portal
